ABOUT ME

I am a 16 year old student, born in Terre Haute Indiana, and currently attending Terre Haute North Vigo High School as a junior. My family and friends are very important to me, but I absolutely love meeting new people. Although stepping out of my comfort zone can sometimes makes me nervous, I have come to enjoy and appreciate it. When I originally started high school my plan was to follow the engineering career pathway, but I decided to switch to business which has become one of my favorite things!
