August 2024 - October 2024

Social Committee Member

August 2025- Present

Skills and Qualifications

Leadership:

As a leader of the Investment Management Club, I've acquired skills in leading a team and collaborating with others effectively and efficiently. Additionally, as an upperclassman on the JV tennis team, I assumed a leadership role for the underclassmen and acted as a role model.

Time Management:

I previously demonstrated my ability to manage time effectively while balancing a rigorous course schedule and actively participating in extracurricular activities after school every day.

Management & Organization:

While on the varsity soccer team, I helped manage my peers and position players, ensuring they were focused and doing their best during practice. While participating with the Cavalier Sports Network, I helped provide input to present an organized schedule and helped organize the stream at some games.
