EDUCATION

Monrovia High School: Monrovia, IN

Graduation: May 2027

Weighted GPA: 4.284

ABOUT ME

My name is Megan Gudaitis and I am currently a Junior attending Monrovia High School. After high school I plan to further my education either at Butler or Vanderbilt to continue my studies in Biology, specifically Genetics to become a genetic counselor and start my own practice. I love helping out in my community and staying involved in all the ways I can. I spend my free time either reading, working out, coaching volleyball, spending time with family and friends, or immersing myself further into my studies.

COURSES TAKEN

Intro to Business

2023-2024 School Year

- This is the first business class I took freshmen year. It introduced me to the world of business and more importantly brought me to DECA!

AP United States History

2024-2025 School Year

- My first AP class, taken as a sophomore. This class taught me how to manage my course load and create healthy study habits.

IMPORTANT SKILLS

- Time Management
- Communication
- Self-Motivated
- Flexible
- Responsible
- Organized

LEADERSHIP EXPERIENCE

DECA, Member

2023-2024 (Member), 2024-2025 (Treasurer), 2025-Current (Vice-President)

- I help lead meetings and recruit new members to join DECA in order to be able to experience the community it brings. I help manage the social media accounts and balance budgets in an organized manner.

Student Government, Member

2024-Current

- As a member I help plan spirit days, set up and clean after dances, and inform the school and faculty about blood drives by going and speaking in front of classes days prior.

National Honors Society, Member

2025-Current (Member), 2026 elected President, currently in-training.

- In NHS we set an example for the school as a model student. We also help serve the community by keeping our area clean, as well as helping students study and plan/run fun activities and fundraisers for the community around us. This year we planned a BOO-Fest for the younger kids in our school to trick-or-treat safely and have a fun time, while raising money for the food pantry; it was a HUGE success!

Students For the School, Member

2024-Current

- This club is run by my teacher, Steve Reeder. The aim of the club is to help preserve Monrovia High school's history in order to display it for everyone to enjoy; from alumni to current students and the community. I have helped organize and decorate many display cases and I'm currently in the process of helping put a Veteran's Marker Memorial right in front of the Morgan-County Library.

Volleyball, Athlete

2018-Summer 2025

- I had played competitively in school and club volleyball my whole entire life. I helped lead my club team to many tournament wins as a captain and played on my school team. Volleyball taught me many ways to overcome adversity, including this past year after a back injury that has prevented me from continuing my sport and in turn having to rearrange my whole future for the better

WORK EXPERIENCE

Splash Island Lifeguard

June 2024-October 2024

Jessica Ratz (317-474-5726)

651 Vestal Rd, Plainfield, IN 46168

- Efficiently scanned zones to ensure all guests were in eye contact and safe. Helped in emergencies medically, and located children's parents. Cleaned the park after all patrons had left. I am certified and trained in CPR.

Jack's Donuts

May 2025-Sept 2025

Chelsea (765-438-0908)

2230 Stafford Rd #195, Plainfield, IN 46168

- Welcomed customers in a warm and friendly manner, helped and answered questions any customers had about the goods we sold. Restocked donuts, washed trays, made boxes, cleaned the store, kept track of money, and worked as a barista making drinks of all sorts, from boba to a mocha.
